

## CODE OF PRACTICE RELATING TO THE STUDENTS' UNION

Part II of the Education Act 1994 places a range of responsibilities on the governing bodies of university institutions in regard to the organisation of Students' Unions. In particular, the governing body shall prepare and issue, and when necessary revise, a code of practice as to the manner in which certain requirements of the act are carried into effect.

1. This code of practice, issued by the University Council with the agreement of the Students' Union, sets out how the University will carry out its responsibilities under the Act. The specific responsibilities to be included in the code are highlighted in italics below.
2. The Students' Union qualifies as a Students' Union within section 20 of the Act; no other organisation of students in the University falls within the definition.

### Constitution

*The student union should have a written constitution (Articles of Association) and the provisions of that constitution should be subject to the approval of the governing body at intervals of not more than five years.*

3. The Students' Union is governed by a constitution approved by the student body and endorsed by the University Council. The constitution makes provision for regulations to be published in bye-laws which shall be approved by the student body.
4. Copies of the constitution and Bye-laws are available on the Students' Union web pages.
5. The constitution is to be reviewed by the University Council at intervals of not more than five years. This need not mean a special quinquennial review of the constitution. The Council may take the opportunity to review the terms of the constitution should the Students' Union at any time bring forward proposed amendments.

### Membership

*Students should have the right not to be members of the Students' Union. Students who exercise that right should not be unfairly disadvantaged, with regard to the provision of services or otherwise, by reason of their having done so.*

6. All persons who are registered students of the University as full-time or part-time candidates for degrees, diplomas or certificates shall, subject to this Constitution, be Full Members of the Students' Union. The Bye-laws may provide limitations on this entitlement for short term or lower level attendance. Any student who wishes not to be a member, or who decides to withdraw from membership of the Students' Union, should inform the President of the Students' Union and the University Secretary in writing.
7. Any student not in membership of the Students' Union is not entitled:
  - (a) To participate in the democratic government of the Students' Union and, in particular, to propose or vote in referenda, attend meetings, stand or vote in the election of Students' Union Officers, Students' Union Council and Working and Representative Committees, or play any part in any other comparable bodies that may be established.
  - (b) To hold office in any Students' Union Working or Representative Committee or Society.
  - (c) To benefit from any concessionary rates for membership of Clubs and Societies, or for attendance at entertainments events, that may be offered to Students' Union members.
8. Any such student shall cease to be a member immediately and may not be re-admitted to membership until the following academic session.
9. Students who are eligible for full membership, but have exercised the right not to be a member, shall have access to all services and activities provided by the Students' Union other than those outlined in paragraph 7, and shall be subject to the same disciplinary procedures in relation to their use of these services and participation in these activities.
10. The University has made no special arrangements for the provision of services or facilities for non-members of the Students' Union, since it is satisfied that the provision made by the University and the Students' Union for all students, whether they are members of the Students' Union or not, is sufficient to ensure that those who have exercised the right of non-membership under the Act are not

unfairly disadvantaged. There will be no financial compensation to students who have exercised their right of non-membership.

### **Elections**

***Appointment to major Students' Union offices should be by election in a secret ballot in which all members are entitled to vote. The governing body is required to satisfy itself that the Students' Union elections are fairly and properly conducted.***

11. Major Students' Union offices shall be defined as the full-time Students' Union Officers.
12. All elections in the Students' Union shall be conducted in accordance with regulations laid down in a bye-law to the constitution which shall be approved by the University Council. These regulations ensure that appointment to major Students' Union offices is by election in a secret ballot in which all Full Members are entitled to vote.
13. Any complaint regarding the conduct of elections shall be decided upon by Returning Officers appointed by the Students' Union Council, subject to appeal to the Elections Appeals Committee and subsequently to Students' Union Council. Any decision by Students' Union Council shall be subject to appeal to the University Secretary, whose decision shall be final.
14. The University Secretary (or their nominee) may observe any part of the election process and an annual Returning Officers' report will be made to the University Secretary on the conduct and outcome of the elections to the major Students' Union offices.

***A person should not hold paid elected Students' Union office for more than two years in total.***

15. No person should hold sabbatical union office or paid elected union office for more than two academic years and this shall be provided for in the constitution and bye-laws of the Students' Union.

### **Finance, Affiliations and Donations**

***The financial affairs of the Students' Union should be properly conducted and appropriate arrangements should exist for the approval of the Students' Union's budget and the monitoring of its expenditure by the governing body.***

***The Students' Union is to publish a financial report annually or more frequently. The report is to be made available to the governing body and to all students and should contain, in particular, a list of external organisations to which the Students' Union has made donations during the period to which the report refers and details of those donations.***

***If the Students' Union decides to affiliate to an external organisation it must publish notice of its decision, stating the name of the organisation and details of any subscription or similar fee paid or proposed to be paid and of any donation made or proposed to be made to the organisation and such notice is to be made available to the governing body and to all students.***

16. An annual budget for all activities of the Students' Union and its companies shall be approved by the Trustee Board. The budget shall be submitted to the University Council, in accordance with the Education Act 1994 and to Students' Union Council for information. Specific budget allocations to Officers, Committees and other student led activity will be proposed for approval to the Students' Union Council by the Student Executive Committee.
17. Annual audited accounts of the Students' Union and its companies, including details of all affiliations to external bodies, shall be presented to the Trustee Board for approval, and subsequently shall be presented to the Students' Union Council and University Council.
18. The accounts shall contain details of any donations made to external organisations during the financial year.
19. Affiliations and donations made by decision of a Referendum, Students' Union Council, Working or Representative Committee or Students' Union Officers shall be published in the annual accounts of the Students' Union.
20. Any such affiliations or donations made subsequent to the publication of the annual accounts shall be published to students and notified to the University Secretary who shall make such notice available to the governing body.

***When a Students' Union is affiliated to any external organisation there are to be procedures for the review of affiliations under which the current list of affiliations is submitted for approval by members annually or more***

***frequently, and at such intervals of not more than a year as the governing body may determine, a requisition may be made by such proportion of members (not exceeding 5 per cent) as the governing body may determine, that the question of continued affiliation to any particular organisation be decided upon by a secret ballot in which all members are entitled to vote.***

21. Any affiliation made by the Students' Union may be rescinded by a decision of students made in accordance with the procedures for referenda outlined in the regulations contained in a bye-law to the Constitution of the Students' Union.

***The procedure for allocating resources to student groups should be fair and should be set down in writing and be freely accessible to all students.***

22. Procedures for the allocation of resources to societies recognised to the Students' Union are included in a bye-law to the Students' Union Constitution.

### **Complaints Procedure**

***There should be a complaints procedure available to all students or groups of students who are dissatisfied in their dealings with the Students' Union, or claim to have been unfairly disadvantaged by reason of having exercised the right to not be a member. This procedure should include the provision for an independent person appointed by the governing body to investigate and report on complaints.***

23. Any student or students who are dissatisfied in their dealings with the Students' Union, or claim to be disadvantaged by reason of their having exercised the right to withdraw from membership, shall be entitled to have their complaint considered in accordance with the Students' Union Bye-Laws which constitutes the Students' Union's complaints procedure and is available to all students. This procedure includes the right of appeal to the University.

**The following are not required to be referenced in the code of practice, but it is an obligation for the governing body to bring these matters to the attention of students at least once a year. These will be published on the Students' Union website and also included alongside this code.**

### **Charity Law**

24. The activities of the Students' Union are restricted by the law relating to charities. Consequently, the Students' Union cannot have a political purpose and must not seek to advance the interest of a political party, but it may seek to influence opinion on issues relating directly to its own stated purposes, provided such activity is within its powers. The ways in which charities may or may not legitimately engage in political activities is the subject of advice and legislation from time to time by the Charities Commissioners, courts of law, Parliament and government departments.

### **Freedom of Speech**

25. The University is responsible under section 43 of the Education (No.2) Act 1986 for the provision of safeguards to ensure freedom of speech within the law.
26. The provisions for freedom of speech are made in the University Calendar under the Code of Practice on Freedom of Speech and Academic Freedom.

### **Code of Practice**

27. This code of practice is brought to the attention of students annually by publication on the University web pages as part of the University Calendar. It is also published on the Students' Union web pages.

### **Information for prospective students**

28. The right of a student to not be a member of the Students' Union, and the arrangements for students to still access those services provided by the Students Union for all students whether members or not, should be made available to information available to prospective students via inclusion in the prospectus and on the Students' Union website.
